

Redcord

Works for EveryBODY

Whether you are new to physical therapy, or have tried countless therapy sessions at other clinics, you are a PERFECT candidate for Redcord!

The Redcord system is used to treat a wide variety of issues, from rotator cuff repairs to chronic low back pain.

This unique suspension technique is extremely effective in alleviating pain. Patients may experience relief and improved function after just one session!

The Record works- regardless of age, weight, physical strength, or level of pain.

Quality Of Life

You Deserve to Feel Better

Living with limited mobility and pain caused by muscle and joint dysfunctions can impact your entire life. You deserve to have the highest quality of living possible, and we are dedicated to providing the treatment you need to achieve it.

Using state-of-the-art equipment and providing individualized evaluations, we effectively treat pediatric (8-18), adult and geriatric patients.

Then, using a hands-on, multimodal treatment regimen, we are able to achieve superior results in a reasonable time frame so you are able to get right back to your favorite activities and become active again.

Taking Care of You, Not Your Ailment.

Do you or does someone you know suffer from any of the following:

- Chronic or Acute Pain
- Low Back or Neck Pain
- Shoulder Pain or Rotator Cuff Injury
- Ankle or Wrist Sprain or Fracture
- Shoulder, Hip or Knee Replacement
- Pre or Post-Surgical orthopedic conditions
- Vertigo and Dizziness
- Balance concerns

Our expert staff can help you get the relief you need for these ailments and much more, offering a friendly environment and large, bright, well equipped treatment area.

Please call 248-499-6441 for appointments, more information, or a tour of our facility.
